

## Free Sustaining Our Towns Workshop Series

**Retrofitting to reduce your power bills and make your home more comfortable and energy efficient.**

**When-: 2pm start - 4pm, Sunday 11<sup>th</sup> September.  
(Sustainable House Day 2011)**

**Where: 24 Auckland Street, Bega**

The owner, Ian Pegler has been building/retrofitting energy efficient homes for the past for 35 years. He is a certified home and garden sustainability advisor with the SOT program. He will explain the variety of actions he has taken to make his typical weatherboard home, energy efficient and how he reduced his electricity consumption by 65%.

Explore how the entire system - house and garden - work together

**Please call Ian 6494 7237 to book a place.    RSVP Essential**
