

Sustaining Our Towns Workshop Series

The Wonderful Worm and Other Garden Delights.

When - 1.30pm on Tuesday 12th July 2011

Where - Silver Wattle Quaker Centre, 1063 Lake Rd., Bungedore

Who - Join the Silver Wattle Quaker Centre during their special 4 day event ...

"Less is More: Adapting Community for the Future" running from 10th-14th July.

*More details at www.silverwattle.org.au/courses
or phone 62380588*

Tuesday morning from 10.30am will feature a demonstration and workshop on techniques for the pruning and care of fruit trees. At 1.30pm on Tuesday afternoon there will be a hands on workshop on simple worm farming and creating a no-dig garden. Afterwards join us for a discussion forum around Sustainability and Community.

- Learn about the different ways of worm-farming and participate in setting up a simple, low cost worm farm.
- Learn more about how composting works and why it is so important in a thriving garden.
- Discover how easy it is to create a no-dig garden and plant seedlings to begin putting super-fresh and healthy food on your table.
- Become more confident in caring for fruit trees and more bountiful in your harvest.
- Learn more about the Silver Wattle Quaker Centre, meet the people involved and join in their activities.

Don't forget to dress warmly, wear a hat and sunscreen and bring gardening gloves.
If coming for the day BYO lunch and bring drinking water. Hot drinks available.

ALL WELCOME
